

Natural Hazards Mitigation Data Portal

Funding language.

(a) \$381,000 of the general fund—state appropriation for fiscal year 2022 and \$343,000 of the general fund—state appropriation for fiscal year 2023 are provided solely for the office of the chief information officer to provide a common platform for hosting existing state data on natural hazards risks into a comprehensive, multihazard, statewide, geospatial data portal to assist with state hazard risk and resilience mapping and analysis. In performing this work, the office of the chief information officer will:

- (i) Coordinate with the state emergency management division, office of the insurance commissioner, University of Washington climate impacts group and Washington sea grant, Washington State University water research center, and the state departments of ecology, health, natural resources, and transportation on the project scope, user needs, and deliverables;
- (ii) Organize data in standardized and compatible formats including temporal data, where able; and
- (iii) Address credentialing for secure access to protect sensitive data needed for risk analyses.

(b) By December 1, 2022, in consultation with the governor's office and the other agencies listed above, the office of the chief information officer will provide a progress report to the relevant legislative committees on the development of the platform and data sharing agreements.

(c) By June 1, 2023, in consultation with the governor's office and the other agencies listed above, the office of the chief information officer will provide a final report with recommendations for further enhancing natural hazards resiliency by using data to inform the development of a statewide resilience strategy.

(d) This subsection is subject to the conditions, limitations, and review of section 701 of this act.
